Georgia Bureau of Investigation  
351 Thomas Frier Drive  
Douglas, GA 31535

Re: GBI Case No.: 04-0016-01-18  
Death Investigation Kelsey Jerome Rayner, Sr.

Dear Agent Pro:

Upon reviewing the file on the above-referenced investigation, I do not believe there is sufficient evidence to support the elements of a crime or any identifiable suspect to charge. There does not seem to be any evidence of foul play. Additionally, an autopsy performed by the GBI Crime Lab determined that Rayner died of natural causes. As such, we are unable to proceed with any criminal charges at this time and are closing the file.

Thank you for the hard work and time your agents put into this case. Should you have any additional information that you feel would be relevant to this investigation, please do not hesitate to contact me at (912) 576-3704.

Sincerely,

Jackie Johnson  
District Attorney  
Brunswick Judicial Circuit
